Professional Pledge for Health Care Providers

As a healthcare provider, I pledge and commit to enhancing the well-being of individuals, families, and communities.

I pledge and commit to honor the inherent dignity of all while fulfilling my responsibilities with compassion, respect, consideration and appreciation for all diversities.

I pledge to serve to the best of my ability, to conduct myself with dignity, and to place service to humankind before personal or material gain.

I pledge to collaborate with other members of the health care team for the good of the patient and to always remember that **I am** the patient's advocate in all situations.

With honor and pride, I commit myself to my profession.

Darton College of Health Professions
